### **SIFCO ASC Welcomes New Oil & Gas Market Manager**

**January 16, 2012** – Jay Agunbiade joined the SIFCO ASC Sales & Marketing team as the new Market Manager for the Oil & Gas Industry. Jay graduated from University of Ibadan, Nigeria with a Bachelors of Science Degree in Industrial Engineering and has an MBA from American Intercontinental University, Houston, Texas.

Jay brings over 15 years of sales and marketing experience, most recently working for GE, Energy Infrastructure. He has experience working with various complex products and applications in Power, Chemical, Offshore and Onshore Oil and Gas, Petrochemical, Petroleum Refineries, Natural gas processing and Sewage treatment plants. The SIFCO ASC team looks forward to his contributions to the Oil and Gas Industry.

#### **About SIFCO Applied Surface Concepts**

SIFCO Applied Surface Concepts, LLC., a wholly owned subsidiary of SIFCO Industries, Inc., provides cost-effective solutions to improve part performance with surface enhancements. The solutions also reduce manufacturing costs through increased wear resistance, corrosion protection, increased hardness, and improved conductivity. SIFCO ASC's surface enhancement technologies and services have been utilized for over 50 years on both OEM components and on parts requiring refurbishment. SIFCO ASC offers selective plating products and job-shop plating services on-site and at all of their locations worldwide.
